\* We recommend you a minimal insurance package combining the elements „cancellation cost“ and „assistance“ provided by the swiss insurance company ELVIA (Allianz). This package costs maximum 4% of the option you have chosen, but not more than CHF 110.00. Depending on the number of insurances booked we will get a discount. Please read the cancellation conditions carefully (see general terms and conditions) and check, if you are already protected by an insurance company yet. Once an insurance policy has been ordered the insurance company does not cancel it.
